## Floor Plans for Janitorial Services

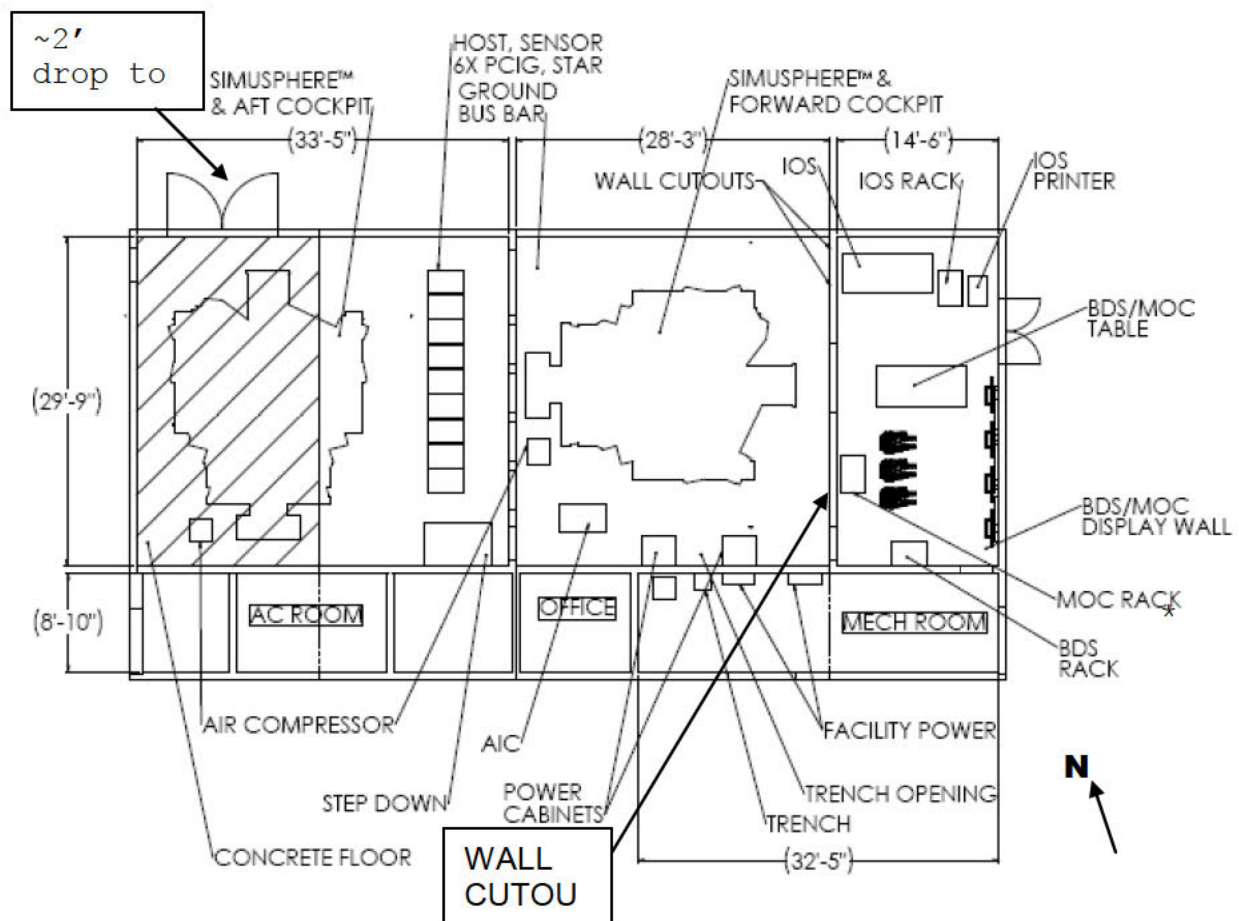

for

MCAS Iwakuni, Japan

MCAS Futenma, Japan

NAF Atsugi, Japan

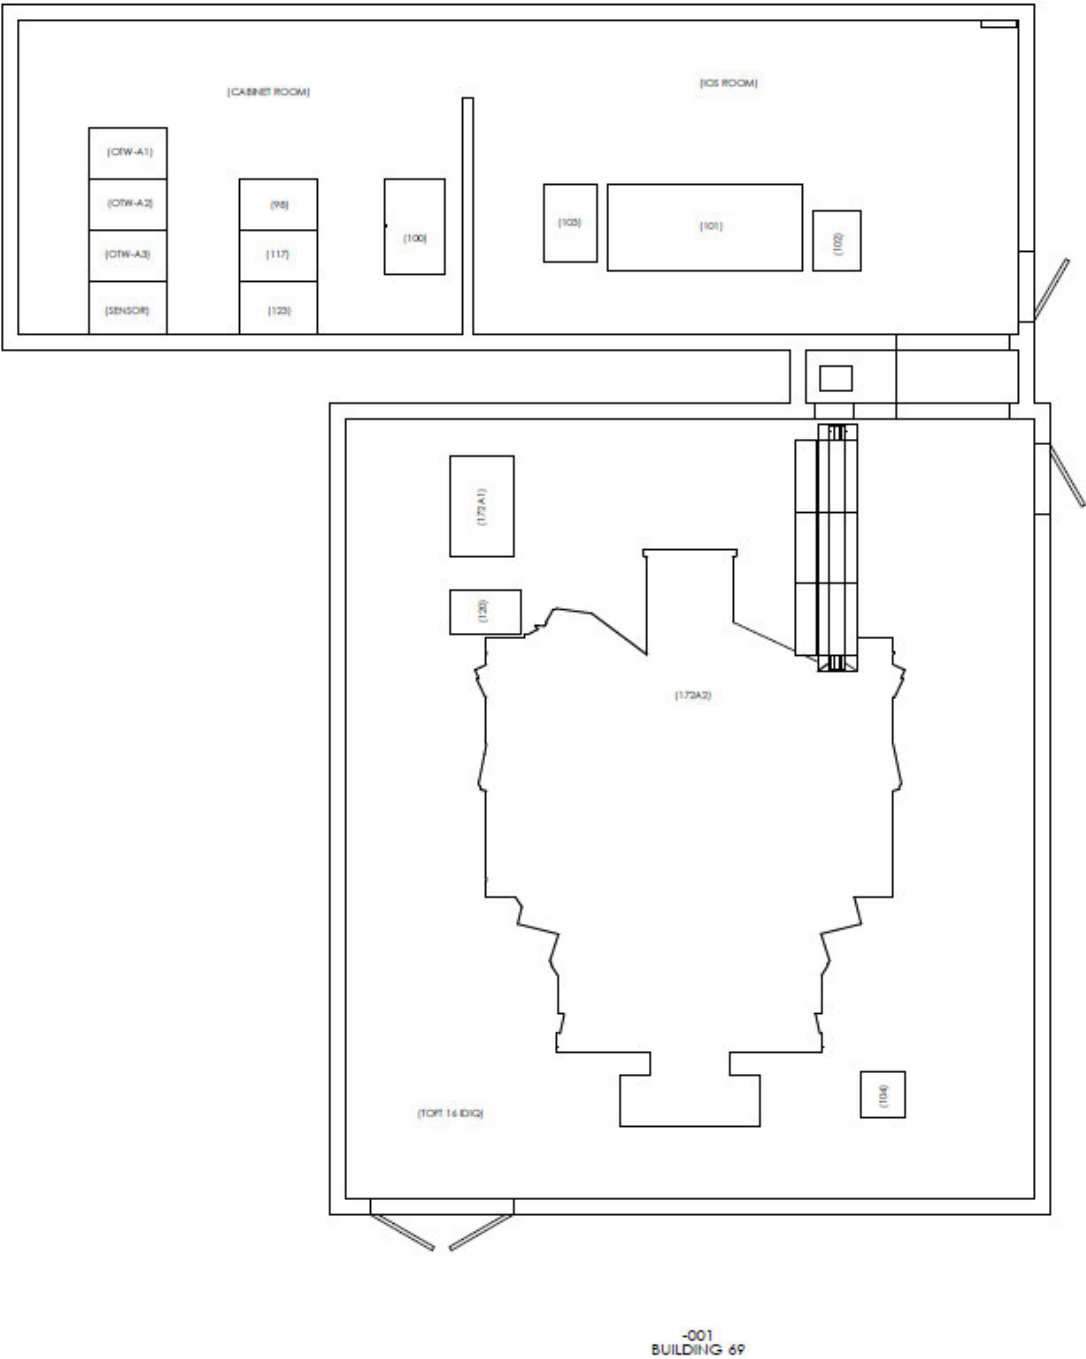

Janitorial services shall be performed by the Contractor in accordance with Addendum A paragraph 4.2.2 Janitorial. Where the training device, maintenance area and associated training areas occupy an entire training facility or majority of the training facility, contractor janitorial requirements shall include all common areas of the training facility to include office, training rooms, and general purpose rooms within the training facility. The following floor plans are provided for planning purposes; however additional plans may be found at each training site:
